

OMNI X ELECTRIC STORAGE WATER HEATERS

BUILT TO LAST. ENGINEERED TO PERFORM.

Premium Duplex 2205 Stainless Steel Construction

WATERMARK CERTIFIED | LEAD FREE | AUSTRALIAN STANDARDS COMPLIANT

WHY OMNI X?

PREMIUM HOT WATER STORAGE FOR AUSTRALIAN HOMES

Hot water systems work every day of the year. That's why OMNI X Electric Storage Water Heaters are engineered using premium materials and proven technology to deliver dependable performance, exceptional durability, and long-term peace of mind.

Designed specifically as an electric-only hot water solution, the OMNI X range combines Duplex 2205 stainless steel construction, high-density insulation, and reliable electric heating technology to provide consistent hot water when you need it most.

Whether installed in a new home, renovation, or replacement application,

OMNI X delivers reliable performance backed by industry-leading warranty protection.

KEY BENEFITS

- Duplex 2205 stainless steel cylinder
- Designed for Australian conditions
- Electric-only hot water solution
- 50mm high-density insulation
- WaterMark certified
- Lead-free compliant
- Low maintenance design
- 12-year cylinder warranty

THE DUPLEX 2205 ADVANTAGE

ENGINEERED FOR SUPERIOR DURABILITY

At the heart of every OMNI X water heater is a Duplex 2205 stainless steel cylinder.

Recognised globally for its exceptional strength and corrosion resistance, Duplex 2205 provides a superior alternative to conventional tank materials. Its unique composition offers enhanced protection against corrosion while delivering outstanding structural performance.

This advanced material allows OMNI X cylinders to withstand the demands of everyday operation while maintaining long-term reliability and performance.

WHY DUPLEX 2205?

SUPERIOR CORROSION RESISTANCE

Provides excellent resistance against corrosion and pitting in a wide range of water conditions.

EXCEPTIONAL STRENGTH

Offers significantly higher mechanical strength than many conventional stainless steel grades.

LONG SERVICE LIFE

Designed for years of dependable operation.

LOW MAINTENANCE

No sacrificial anode replacement required.

LEAD FREE CONSTRUCTION

Complies with modern Australian drinking water requirements.

12-YEAR CYLINDER WARRANTY

Confidence backed by long-term warranty protection.

ENGINEERED FROM THE INSIDE OUT

EVERY DETAIL DESIGNED FOR PERFORMANCE

Every OMNI X Electric Storage Water Heater has been developed with a focus on reliability, efficiency, and longevity.

The combination of premium materials and carefully engineered components helps maintain water temperature, reduce energy loss, and provide dependable operation year after year.

BUILT TO LAST

Designed and manufactured with precision using premium materials to deliver many years of reliable performance.

Illustration based on 125L model engineering drawing. Component positions may vary between capacities.

DUPLEX 2205 STAINLESS STEEL

Superior corrosion resistance and durability.

3kW ELECTRIC HEATING ELEMENT

Fast hot water recovery and reliable performance.

LEAD FREE COMPLIANT

Safe for drinking water applications and compliant with Australian requirements.

AUSTRALIAN STANDARDS COMPLIANT

Designed and manufactured to meet relevant Australian standards.

50MM HIGH DENSITY INSULATION

Reduces standby heat loss and improves energy efficiency.

WATERMARK CERTIFIED

Certified to Australian Standards for safety and compliance.

12 YEAR CYLINDER WARRANTY

Long-term confidence backed by an industry-leading cylinder warranty.

BUILT FOR RELIABILITY

Engineered for dependable long-term performance and durability.

A SIZE FOR EVERY APPLICATION

AVAILABLE IN CAPACITIES FROM 50L TO 400L

Whether serving a compact apartment or a busy family home, the OMNI X range offers a model to suit your hot water requirements.

Every model benefits from the same premium engineering, construction quality, and performance standards.

MODEL RANGE

50L

Ideal for small point-of-use applications and compact installations.

80L

Suitable for single occupants and smaller dwellings.

125L

Designed for apartments and small households.

160L

Ideal for couples and smaller family homes.

250L

Suitable for average family hot water requirements.

315L

Designed for larger households with increased demand.

400L

High-capacity solution for larger residential applications.

ALL MODELS FEATURE

- ✓ Duplex 2205 stainless steel cylinder
- ✓ 50mm insulation
- ✓ 3kW electric heating element
- ✓ WaterMark certification
- ✓ Lead-free compliance
- ✓ Premium construction quality

DIMENSIONS & CONNECTION DETAILS

**DESIGNED FOR STRAIGHTFORWARD
INSTALLATION AND RELIABLE PERFORMANCE.**

The OMNI X Stainless Steel Electric Storage Water Heater range is designed for easy installation across a wide range of residential applications.

Connection locations and overall dimensions are engineered to simplify

replacement installations while ensuring reliable system performance.

Refer to the dimensional data below when planning installation clearances, pipework layout and connection points.

Model	Capacity	Height (mm)	Diameter (mm)	Hot Outlet Height (mm)	Cold Inlet Height (mm)
OMNIXS-50	50L	656	420	481	175
OMNIXS-80	80L	890	470	700	195
OMNIXS-125	125L	1350	470	1160	190
OMNIXS-160	160L	1680	470	1400	190
OMNIXS-250	250L	1499	600	1274	224
OMNIXS-315	315L	1764	600	1539	224
OMNIXS-400	400L	1850	650	1610	240
